Thank you Keith.

I took Dinse off this email and added Jake.

I know that you are doing everything humanly possible to handle the homeless crisis and it is so heart wrenching. There are people on facebook who only want to gripe and complain and will never acknowledge what our office/the city/LAPD does because it doesn't fit their world view.

Let's talk about how to respond to the post with facts for the few people who understand the challenge and are receptive to hearing our response.

You're a gem, Keith, and I'm proud to work with you.

Why do these folks think they don't hear from us? What can we do to let them know we care...

It is now Sunday, almost 12 o'clock at night. But when I read that email facebook post from Grace Kilzi's, I could not help but to drive over to Winnetka and Ventura to see what it is that she is talking about. This is what I found. First of all this location has been reported to sanitation for clean up tomorrow, January 8th. It's going to be cleaned. Richard Young and the whole entire clean streets team is going over there to clean the location. Grace KNOWS this. I have TOLD her this. I communicate with her every single time she contacts me. I talk to her and explain to her what is happening.

I have explained to her that there is a process that must be followed. I'm polite to her. I have been extremely responsive and communicative with her about everything she has brought to my attention. The reason I have requested no oversized parking of vehicles between Mason and Winnetka by Pierce College is because she has written to me every single day complaining about RV's and trucks parked there. And I understood her complaint and responded by having a resolution written banning oversized vehicles parked on Victory between Mason and Winnetka between certain hours. The signs are being printed now.

Grace wants the police to arrest each and every person that looks homeless whose pushing a shopping cart down the sidewalk. That's what she wants. If she see's a person sitting on the sidewalk that looks like they don't have a place to live, she wants them arrested and put in jail. That is her solution and her idea of how to rid the community of homeless people.

Tonight I sat and talked with the gentleman in the photo. His name is [REDACTED] He has been homeless and an alcoholic for 20 years. I talked to him for an hour about how I can help him get off the street.

At first he was hostile. But when he saw I was trying to help him, he eventually warmed up and began to talk to me about his life. The guy who was with him was very hostile however and stormed off. But Mark was receptive and knows Officer Dinse. He told me that Officer Dinse was the only officer who treated him with respect and treated him like a decent human being.

I told Mark about the homeless connect day that's coming up and begged him to please attend. I even told him I would try and make arraignments to transport him there if he can't get there on his own. He needs ID, he needs social security, he needs a phone and he needs medical care because he's suffering from what appeared to be an ugly form of skin cancer. I will call LAHSA tomorrow morning and get Patrick Justice to provide him outreach services while sanitation is there. He needs medicare or medicaid and homeless connect day can help provide that.

The Christmas tree is on Caltrans property so I will have to contact them in the morning to try and get those people removed. As soon as they move from Caltrans they are going to be relocated back to city property however. The police can cite them with a ticket for ignoring the no loitering signs that are now underneath the underpasses. But they won't make an arrest. In fact Andrew told me that he KNEW Sanitation was coming tomorrow and that he was simply going to hide on the freeway side which is state property until the city was done cleaning and then come back to the underpass once they left. I told him it would be better if we could find him a home off the streets. It's just a never ending game of back and forth. But we are doing everything we can within the limits of the law to try and help people and manage this homeless crisis. I just wish the people understood that.

Thank you,

Hi Captain Ryan, Captain Vernon, Sgt. Stokes and Senior Lead Officers,

Just wanted to let you know (I believe I already have let some of you know) that our bike ride will be March 3rd, which is a Saturday.

We are thinking of the route being entirely in the Topanga Division, circumventing the Warner Center to be more specific.

I will send you the exact route when it is finalized but I am just keeping you in the loop so there are no surprises.

Could we please have LAPD Topanga Division's presence (on bikes, and the LAPD SUVs to protect the bikers in the intersections, etc.), if that's okay?

We truly appreciate any help you can give us.

Thanks so much!

Joe

Last Wednesday at the LAPD's monthly Neighborhood Watch meeting at the Topanga station, Senior Lead Sean Dinse presented his framework for developing a comprehensive plan to address violence in our schools. We have all participated in drills for fire, and for earthquakes, but there is no plan for school violence. Sandy Hook, Florida a month ago, and Maryland just a few days ago. It's easy to put it out of mind and hope it never happens here, but it could, and there is no plan.

Officer Dinse's framework is something every single school must see and leverage from to develop a plan to protect the children we send into school every, single day. Everyone on campus must know what they need to do if they hear a gunshot, see a person in a ski mask entering school. What to do if they are on the playground? Barricaded in the classroom? Visiting just for the day? They need a Plan. They need Drills to memorize that Plan. It's been done for Fire and we need it for Violence. The police need the school to be organized so they can get where they need to be FAST. Number the buildings. Number the classrooms. Number the exits. Helicopters need to see the numbers on the roof to know where it's happening. Create a map.

Did you know if a student calls 911 from his/her cellphone in such an emergency, the dispatch doesn't get an address from the caller ID? Do you know the address of your child's school? Do they? Did you know you could now TEXT 911 in an emergency?

This weekend, students, teachers, parents, friends, survivors, all around the world, are marching against school shootings and all the issues surrounding them - guns, mental health. All needed. March for Our Lives hopes to create

change. Last night, Jaelynn Willey, 16 years old, was taken off life support and died, the latest victim of the Maryland school shooting this week.

Let's start to make change here. Now. In our neighborhood. At Woodlake Elementary, Hale, El Camino, Chaminade, St Mel's, St Bernadine's, WH Private School, and be an example for other schools. Schools are a known target for terrorism. We can't wait until a tragedy happens here to get a Plan and get drills started and train our children what to do in the first 5 minutes when there are no police and there is nobody else but them.

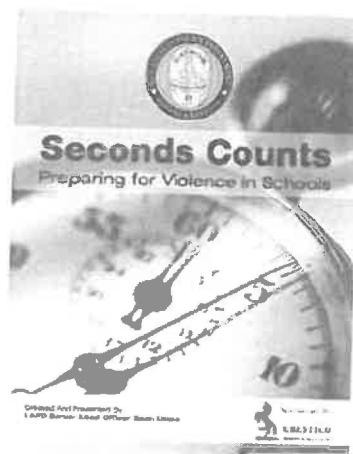

* Please share this flyer with your school teachers and administrators

* **Please call that school where you leave your most precious possession and ask "Do you have a School Violence Plan?"**

None of our schools have a comprehensive plan in place as of today. Share this flyer. Post it on FB and Nextdoor. Get the word out. We can make change. Officer Dinse's best practices for a Plan [[Click Here](#)] is adoptable and customizable and is a start. Fire did it 70 years ago and we don't have deaths in schools from Fire anymore. We must now do that for Violence.

Call your school today and help to get a focus on a Plan. Call the PTSA. Call LAPD and ask Officer Dinse to present at the next PTSA meeting. Create a committee. Just don't do nothing. This violence is happening and as shocking as it is, our children are better off if we adults put one foot in front of the other and make it happen before it happens to us.

Officer Dinse's Plan is below just click through where indicated to read...

I know you often hear in the field that LAPD is choosing not to enforce certain laws or can not enforce when a crime is committed by an individual that is homeless. I am creating a list of code sections that we have heard are not being enforced and will reach out to the City Attorney who handles homelessness. I know there have been issues with 85.02 and 56.11. What other code sections are you hearing about? If you don't know the code section, please give me a general description and I can ask Henry to search for it.

After hearing from the City Attorney, the next meeting would be with LAPD and I mentioned to Harry Eddo that we had these concerns.

Thanks,

When constituent's call non-emergency number about a house party or noise nuisance, LAPD tells constituents that they have more important things to deal with.

Even ff they respond, it's the day after incident takes place.
